hp 60-100/ kW 44-74

SHREDDER WITH PICK-UP ROTOR

Shredder with pick-up rotor, suitable for tractors with power ranging from 60 up to 100 Hp. It is recommended for mulching and collecting prunings from vineyard, as well as from fruit, olive and citrus orchards. Ideal for moving on cultivated and stony soil. Thanks to its pick-up rotor, the BIO 9 shredder collects all the prunings from the soil and brings them into the mulching chamber. Here there is a robust rotor with hammers which accurately shreds the material and discharges it through a rear grill.
